

DISARMAMENT FORCES BEATEN

Measure Carrying \$396,000,
000 Passed For
Navy

SENATE TO INCREASE

Massachusetts Foreign Policy Asso-
ciation Urges World Parley—Pre-
sents Program to Congress.

Washington, April 29.—All efforts to have the United States take the first step toward disarmament were defeated in the House today, and the Naval Appropriation bill, with a total of \$396,000,000 for running the navy during the 12 months beginning July 1 was passed by a vote of 212 to 155.

The appropriation includes \$50,000,000 for completion of the 1916 building program, which, it is said, will require four years. As passed the bill carries the same amount as last session when it left the House, and nearly \$100,000,000 less than when it was reported to the Senate. It goes to that body at once and will be in recess until June and those associated with it succeed in holding it to the amount now carried. The House immediately began debate on the Army bill, which carries approximately \$320,000,000.

The advocates of an amendment for disarmament did not believe they would be successful in having their amendments adopted, on account of the attitude of leaders in charge, and confined themselves to speeches. They did not demand a record vote. Republican floor leader Mondell announced his opposition to any amendment authorizing the President to call a disarmament conference, arguing that the time is not opportune. He said the situation is being watched by the Foreign Affairs Committee which would take action at the proper time.

This brought from Representative Flood, Democrat, Virginia, former chairman of the committee the charge that the Foreign Affairs Committee had been blocked by the leaders last session and this. He asked for an explanation as to why hearings scheduled for this week were postponed. Mr. Mondell did not say, but admitted he had opposed action on the Enriks resolution last session because the time was not suitable. Mr. Flood predicted that if a new resolution was brought in by the Foreign Affairs Committee it would be "throttled."

"The people of the country," he added, "will hold you responsible for this."

Representative Black, Democrat, Texas, discussing the appeal of the Republicans that nothing be done to embarrass the President recalled that Mr. Harding was one of the famous round robin in the Senate warning the President against the League of Nations Treaty.

"Far from having any intention to embarrass the President of the United States by offering an amendment of this kind," Mr. Black said, "I believe it would be a distinct favor to him for this House to make a clear and definite expression as to the crilling of a disarmament conference. I believe that he would sincerely appreciate it because of the great difficulty that he has thus far had in making up his mind on this vital and important question."

"Without the least desire to disrespect to the President, I think I can say that a great many of the American people are in doubt as to what kind of a program the President has for bringing about disarmament, or whether, indeed, he has any program at all."

Resolutions were submitted to members of Congress today by President Courtney Crocker, of the Foreign Policy Association of Massachusetts, asking for the following program:

1. That the United States Army provided in the Appropriation bill which was vetoed by the last Congress and to require that the army be reduced to 156,000 men as soon as possible.

2. To provide for the convening of a naval conference with Great Britain and Japan for discussion of the limitation of naval armaments and to conduct on the naval appropriation bill upon the results of such discussion.

3. To abandon the 1916 naval program for increasing the navy of the United States by 156 ships inasmuch as the World War which was then pending was the occasion of that program.

In addition is the following:

"Whereas, an armament commission has been created by the council of the League of Nations and has invited the co-operation of the United States in its work.

"Resolved, That the Foreign Policy Association, of Massachusetts, call on the President and Congress to co-operate with this commission in its efforts to effect a general limitation of armaments and to take part in any general international conference which may be summoned for the purpose of reducing or limiting armaments throughout the world."

Song Service

Special Program Will be Given Sunday Night by Choir of St. Paul's Church

As announced in the Gazette last week, on Sunday evening, May 1st, at 8 o'clock the choir of St. Paul's Church will give a special service of sacred song.

The full evening prayer will be used with appropriate hymns and Magnificat and Nunc-Dimittis in D by Marks. In place of a sermon, following anthems will be rendered: "The God of Abraham Praise," Buck; "A Song in the Night," Woodman; "Jesus Only," Rotoh; "My Faith Looks up to Thee," Schaefer; "If God so Clothed the Grass," Buschoff; "How Beautiful upon the Mountains," Harker; "This is my Commandment," Clark; "Turn Thee, O Lord," Schwig, and the Mozart "Gloria."

The soloists will be Mrs. D. C. Cather, soprano; Mrs. W. H. Lanagan and Mrs. Sherman B. Fowler, alto; Mr. Stephen Field, tenor, and Major W. H. Lanagan, Mr. Arthur Bryant and Mr. Wilmer Waller, bass. The chorus anthems will be given by the regular choir with special solos by Mrs. Cather and Major and Mrs. Lanagan. These singers will be heard for the first time in special service at St. Paul's. They all three have voices of unusual beauty and a most delightful service is anticipated. By request, Mrs. Cather will repeat the solo she recently sang so effectively at the morning offertory. All are invited.

STEAMSHIP OWNERS ADOPT BENSON PLAN

New York, April 29.—The American Steamship Owners' Association announced today it was ready to comply with the wishes of Rear Admiral Benson, of the Shipping Board, and cut wages 15 per cent May 1 instead of approximately 25 per cent as first proposed.

While asserting that this cut would not be sufficient in view of the present cost of operation, the steamship owners said that, nevertheless, they wished to follow the suggestion of Admiral Benson made at the joint conference of owners and workers in Washington.

CHIEF OGDEN QUILTS

Ready For New Volunteers to Take Place of Firemen Who Quit—Club to be Organized by Ex-Firemen

Many former members of the Relief Truck Company No. 1, and a number of former members of the Reliance Engine Company No. 5, will shortly organize and take the places of the volunteers of these two companies who will quit at midnight tomorrow night it was stated today. Those who will become volunteers of these two companies will be prepared for active service at midnight tomorrow. Temporarily it is stated they will be assisted by members of the Columbia Company No. 4. This in brief is the only new development in the fire situation today.

Fire Chief K. W. Ogden's resignation will become effective at midnight tomorrow night according to his written resignation, submitted to the city council last Tuesday night. The city council on May 10 will elect a successor to Chief Ogden. Candidates already are grooming for the position. The name of Edward S. Leadbeater, treasurer of the Columbia Fire Company, has been mentioned as a receptive candidate for the position.

It is understood that the members of the two companies who quit are arranging for the removal of their personal property from the company's houses tomorrow afternoon. According to reports the members of the two companies that will disband tomorrow night will hold a meeting for the purpose of organizing a social and athletic club. Both companies have sufficient funds in hand to warrant starting such a club. Quarters for the club will be obtained, officers chosen and other arrangements made for effecting a permanent organization.

Since the above was written Fire Chief Kenneth W. Ogden announced that he resigned effective at 7 o'clock last night; the resignation being submitted to Mayor J. M. Duncan. The chief stated his reason for resigning previous to the time set for him was that the mayor had appointed a successor to him twelve hours previous to the time set for his resignation. Pending the election of a successor to Chief Ogden, Mayor Duncan yesterday announced the appointment of William Desmond, chairman of the fire committee of city council as chief and Norman Roberts, president of the Columbia Fire Company, as acting chief.

It was stated this afternoon that a delegation of former members of Relief Truck Company No. 1, will hold a meeting tonight for the purpose of organizing to take the place of members of that company who resigned. It is expected that they will elect officers and have everything in readiness for beginning active service at midnight Saturday night. A member of one of the companies that quit stated today that inasmuch as the chief is now out they may also quit before midnight tomorrow night. However, they have a comparatively short time in which to reach a decision in this matter. If anything along this line is done it will have to be done quickly.

WESTERN MARYLAND TO COME HERE

Will Connect With Washington and Old Dominion R. R.

FIRST STEP TAKEN

Representative Moore Gets Favorable Report on Bill for Bridge in Connection With Proposition.

The House committee on Interstate and Foreign Commerce has made a favorable report on the bill introduced by Representative Moore at the request of the Washington and Old Dominion Railroad Company authorizing the construction of a bridge at or near Point of Rock, Frederick Co., Maryland.

It is understood that this measure is in addition to the proposed connection of the Old Dominion Railroad with the Western Maryland Railroad Company which latter is one of the important coal carrying railroads.

For some time past reports have been in circulation to the effect that the Western Maryland Railroad probably would come into Alexandria connecting up with the Washington and Old Dominion line. The coming of this road would be a big boon to Alexandria and revive business. It would mean the opening up of the West Virginia coal field to this city and this would mean that many manufacturing plants would locate here as it would result in cheap coal here for manufacturing purposes.

Business interests of Alexandria generally will be gratified to learn that the first step had been taken along that line. A representative of the Gazette was informed in Washington this afternoon that the Western Maryland undoubtedly will come into Alexandria.

Guests Of Local Club

Visitors Are Presented With Mallet at Luncheon

Washington, D. C., April 29.—Headed by Mayor James Duncan, of Alexandria, more than 50 members of the recently organized Kiwanis Club of that city were guests of the Washington Kiwanis Club at its regular weekly luncheon at the Hotel Washington yesterday.

Claude H. Woodward, president and welcomed the visitors. Responses were delivered by Mayor Duncan and George Warfield, president of the Virginia city organization, after which John J. Keegan of the U. S. employees' compensation commission outlined the work being carried on in that branch of the government.

Secretary Harry Kimball presented Mr. Warfield with a mallet "large enough," he hoped, "to keep the city young Alexandria Kiwanians in order."

Through the courtesy of A. B. Brylawski several acts from the Cosmos Theatre furnished the entertainment program.

The Alexandria guests included Kenneth W. Ogden, Charles F. Holden, Richard Gibson, Nelson T. Snyder, John T. Worthington, Richard L. Rufner, J. Y. Williams, Randall Caton, Clarence Roberts, Samuel B. Moore, John Graham, Harry Hammond, Taylor Burke, Claude Fletcher, James Duncan, William Hirsch, Edgar Warfield, U. S. Lambert, L. E. Drama Big Success

"Kathleen Mavourneen" To Be Repeated Tonight at Lyceum

"An excellent play without a single hitch" is the expression that will characterize the success of "Kathleen Mavourneen," which was played last night in the Lyceum Hall by St. Mary's Junior Players, under the direction of E. J. Comeau. The initial performance of this just for dramatic association revealed an unusual amount of genuine dramatic ability, that was excelled only by the beauty of the scenery and the attractive lighting effects.

Miss Rosa Murphy played the leading part of fair "Kathleen Mavourneen," whose hand in marriage was sought by "Terrence O'Moore," played by Raymond Lash, and "Bernard Kavanaugh," played by Francis Becker. Miss Margaret Shuman was "Lady" Dorothy Kavanaugh while Miss Lillian Fannon, as "Kitty," played a humorous part with Louis Whitestone, taking the role of "Bill." Miss Editha Brill was Miss Marshch. The roles of "Cherfield" and "McCubbin" were taken by Clarence Kennedy, while "Dennis" and "Darby" were impersonated by Lawrence Roland. "David O'Connor," "Father O'Casey" "Black Rod" and "Captain of Guard" were played respectively by Carl Rothmund, Francis Fannon, Norris Roland and Elmo Whitestone.

During the changes of scenery solos were given by George Jaeger, Lawrence Roland, Roci Verri, Miss Margaret Griffith and Miss Editha Brill.

The performance will be repeated this evening at 8:15 o'clock.

Two Year Old Case

Table Cloth Stolen Long Time Ago Reappears

Two years ago next July, Lizzie Medlock, colored, had a fancy white tablecloth stolen from her clothesline. She saw the other day a table cloth resembling the one stolen from her, hanging on the line of her neighbor, May Turner, colored, and this resulted in the recovery of a tablecloth similar to the one she missed from the home of the Turner woman. The case was called before Justice Snow this morning and the Turner woman claimed both purchased tablecloths from the same peddler, and the cloth recovered was her property.

Anyhow the court settled the case by turning the tablecloth over to Lizzie Medlock, thereby ending the dispute over its ownership.

SAUNDERS RESIGNS AS U. S. MARSHAL

OF EASTERN VIRGINIA

Washington, April 29.—John G. Saunders, of Richmond, United States marshal for the Eastern District of Virginia, has forwarded his resignation to Attorney General Daugherty, it was learned today, and it will be accepted as of June 30.

The Republican leaders of Virginia have selected Clarence G. Smithers, of Cape Charles, as their choice for Mr. Saunders' successor, and the presumption is that Mr. Smithers will be named. The name is now pending before the Attorney General but it may not be sent in for several weeks, as there is no hurry about the nomination or the confirmation.

Mr. Saunders, it is learned, wishes to retire some months ahead of the expiration of his term on account of personal reasons. This has been indicated in his letter to the Attorney General, it is said.

RUHR INVASION IS NOW ASSURED

Germany Cannot Escape Further Penalties, Premier Declares

FAILURE TO DISARM

Lloyd George Tells Commons Britain Will Stand With France—He Spurns Germany's New Offer

Paris, April 29.—Premier Briand said last night that under no circumstances can Germany now escape the heavy hand of the Allies.

Eleventh hour efforts to escape are expected to be made by the Berlin Government, but these will avail nothing. Late last night reports were received that Germany will make new proposals, including an offer to pay the Allies 1,000,000,000 marks in gold, or at least all she has in the Reichsbank. But even these will not save her now.

The French Premier made clear last night that in the ground of Germany's failure to disarm alone France will proceed with the military operation she has planned. Discussing the crisis in an interview, Briand said:

"There is one point in connection with the present situation which is essential to France and which doubtless for this reason Germany is inclined to forget. There is the question of reparations and everything connected therewith, but there is also the question of France's security. There is only one method that can make France feel secure. That is, that Germany manifest her good faith regarding the disarmament provisions of the Treaty of Versailles and show her clear intention to live up to those terms."

Briand also suggested that the fixity of the present tracing of the frontier is conditional upon German good faith in fulfilling the disarmament terms. The Premier continued:

"Germany is a debtor in default and all the riches of Germany are mortgaged as security for her debts."

The Premier intimated that the Allies felt themselves justified in helping themselves to anything they can find in the Ruhr to apply in the payment of the debt. Briand took up the question of gaining controlling interest for the Allies in the industries of Westphalia and pointed out the danger of leaving these in German hands. He pointed out that because of their special position they would be able to undersell the industries of Allied countries, and continued:

"Germany is now in a more favorable position than any other nation as regards competition in the markets of the world. Her coal certainly will allow of the tax that we intend to impose on it and much, instead of going to the German Government, will go to the Allies."

As for the question whether the occupation of the Ruhr will show a profit, Premier Briand said:

"It cannot but show a moral profit and it cannot do otherwise than show a material one, too. We are not acting at a hazard, but will pursue a plan carefully worked out by experts."

Premier Briand also made it clear that the Allies had their eyes particularly on the groups that were dominating Germany, both industrially and politically. He said the Berlin Government was weak and not its own master. It was dominated, he continued, by the reactionary monarchist elements in the great industries of Germany, and the Allies would be doing a signal service to free the Government from that domination.

Premier Briand leaves tomorrow for London to take part in Saturday's session of the Allied Supreme Council. The decision of that body, the expectation now is, will be to invade the Ruhr. An advance is almost inevitable, in the opinion of observers here.

The Devil and the Deep Blue Sea. There remains a period of but forty-eight hours before Germany will

either satisfy the Allied nations that she means to comply with the reparations provisions of the Versailles Treaty and the demands of the Interallied Council or else witness a further invasion of Allied armies into the valley region of the Ruhr.

And consider the diplomatic mess in which Senator Henry Cabot Lodge and the treaty wreckers have involved us. It is greatly to the interest of the United States that an agreement on reparations should be reached between Germany and the Allies and that any renewal of hostilities or further invasion of Germany should be avoided. Yet our State Department may not dare act as umpire and go between in the matter of reparations nor raise a finger to prevent the French and English troops from marching into the Ruhr. To do either would be to disassociate our selves from the friendship and fellowship of our former associates in that vast undertaking for civilization which we call the World War. The memory of the public may be short but it is not short enough for that. Our dead, killed by German shells, on French fields fighting side by side with the Allied troops, are still coming home.

It may be unkind, but it will occur to many witnessing the dilemma in which the Harding Administration finds itself, that all of this facing-both-ways and don't-know-where-to-go diplomatic tangle might have been avoided if the United States Senate had put by its narrow and vain-glorious jealousy of Woodrow Wilson and ratified the Treaty of Versailles. The United

States would then have had the necessary representation and influence on the Interallied Reparations Commission to act in the interest of world peace without offense to any nation or group of nations.

Day by day history is writing in the record of current events a sentence of justice upon those who put partisan ship above patriotism and in order to break one man smashed the whole international order to chaos.

GREENWOOD DECLARES IRISH POLICY FAILURE

London, April 29.—Sir Hamar Greenwood, former secretary for Ireland, in a speech in Parliament today admitted that the government had failed in its attempts to put down the campaign of violence in Ireland. Trouble, he said, was spreading.

Sir Hamar partially blamed Parliament for its lack of unanimity

announced that the Irish elections would be held in the north and south of Ireland on May 24 despite the fact it was almost certain the Sinn Féin would attempt to interfere. He predicted that the parliament in the north of Ireland would be functioning in June and hoped that a branch in the south would be in operation at the same time.

Yokohama, April 29.—The United States Government is doing every thing it can to keep alive the spirit of friendliness with the Allies, of which Japan is one, Major General Leonard Wood, who arrived here from the United States this evening on the steamer Wenatchee on his way to the Philippines, told a gathering of several hundred Americans of Tokio and Yokohama who gave a dinner in his honor last night.

President Harding, he added, would do everything possible to establish the commercial policy of the United States, including a proper share of the ocean carrying trade and help full co operation with American business men abroad.

General Wood and his party plan red to motor Wednesday to the summer resort, Miyashita, and the day following to go by train to Nagasaki, to embark there on the United States transport Warren for Manila.

Forty seven witnesses have been called from England to testify in the first three cases.

Mother Taken to Court On Stretcher to Defend Son

Cincinnati, April 29.—There was a dramatic scene in the Criminal Court here yesterday during the trial of Walter Brockman, a former private policeman, who is charged with the murder of Harlan Brate, a high school student.

Mrs. Laura Brockman, the mother of the accused, was carried into the courtroom on a stretcher. She was too weak to walk and unable to speak above a whisper as the result of prolonged sickness. Her responses to questions were recorded by a court stenographer, who repeated them to the jury.

In substance her story was that her son was at home on the night Brate was shot and killed when he accosted three robbers who had previously held him up and robbed him.

GEORGIA PROBE REVEALS

Atlanta, Ga., April 29.—Investigation at Governor Dorsey's direction has continued today of the alleged three negroes in southwest Georgia, following the slaying of a constable and another white man by a negro, who made his escape.

The negroes killed were said to have been accused by members of the mob of having aided in the flight of the negro sought by the mob, but details and even the names of the

counties were withheld at the capitol for the time being.

First reports of the affair came to Governor Dorsey in an anonymous letter, who said he had fled from the county, and confirmation of the slayings, including the drowning of an old negro woman, was furnished in a letter from the sheriff of the county, made public last night, in which he said conditions had been "very bad," but improving due to the efforts of himself and sheriffs of three nearby counties.

School Budget May Ask

\$3,000,000 of Congress

Revision of the budget for the school building program submitted to the District Commissioners several months ago by the Board of Education, was completed yesterday by Engineer Commissioner Charles W. Kutz, and probably will be presented to the Commissioners for final action at the board meeting today.

Although Commissioner Kutz would not reveal the amount which remained after his "blue pencilling" it is believed that the original program which fixed \$5,000,000 as necessary for new buildings, has been reduced approximately 80 per cent.

That the bill will be given every consideration by the Senate District Committee when it reaches that body was indicated in a letter received by Dr. Bolton, superintendent of the District schools, from Senator Arthur Capper, of Kansas yesterday.

Senator Capper declared that the District schools should be a model for the rest of the country and that the school "problem" here would be given special study.

"Conditions have been brought to my attention," he said, "which demand immediate attention. It is the purpose of the subcommittee in undertaking this investigation to get to the bottom of the entire school situation and to make recommendations to the Senate as to what improvements should be made. Particularly do

we desire to have the information for the use of the Senate Appropriations Committee by the schools.

As a member of the select committee of the Senate which investigated conditions relating to the administration of the schools, I became interested in the entire school system here. The erection of new school buildings has been delayed, too long. Adequate appropriations should be made for new schools as soon as possible, so that the work may be begun with little delay.

LLOYD GEORGE SPURNS GERMANY'S NEW OFFER

London, April 29.—Premier Lloyd George spurned today the German reparations offer. Answering questions in the House of Commons regarding the British Government's stand, the Premier said:

"I have seen the German proposal and I very much regret to say that they are utterly unsatisfactory. I fear that they are not likely to lead to an unanimity of acceptance by the Allied conference, since apparently they do not change the situation."

Lloyd George explained that if the Allies purposed to carry out the invasion of the Ruhr, the House of Commons would have full opportunity to discuss the question Thursday, but he was unwilling to admit that the representatives of the Government had not committed themselves to the extent of approving the joint decision of the Allied Supreme Council. An effort was made to adjourn the House in order to call attention to the fact that Parliament will not be consulted until after the Allied Council had made its decision, but the move was lost by 317 votes.

REPORT THOUSANDS DEAD IN NEW RUSSIAN POGROM

New York, April 28.—A pogrom in the province of Gomel, White Russia, whose living victims number more than 40,000, and whose dead are estimated at several thousand, was reported to the Jewish Relief Committee here last night from its director at Reval.

By order of the Board of Directors,

Gas Buggies—Big events in little men's lives

"The ferocity of the pogrom," said the report, "can be partly visualized by the fact that in the Jewish town of Lutychaydnka every man, woman and child were murdered by the bandits with the exception of two babies."

France Recalls 1919 Class For Invasion of Ruhr

Paris, April 29.—The French Government decided yesterday to recall

the 1919 class to the colors. Minister of War Barthou was authorized by the Cabinet to prepare mobilization orders, the issuance of which, however, will be postponed until a definite decision regarding the occupation of the Ruhr Basin is reached at the London conference of the Allied Supreme Council Saturday.

In military circles no doubt is expressed as to the feasibility of starting the occupation of the Ruhr district within two or three days at the

most after the governments give the word.

LANDIS PULLS BELL CORD IN RIDEON LOCOMOTIVE

Freeport, Ill., April 29.—Judge Kenesaw M. Landis, who has a faculty of doing the unexpected, played "fireman" Thursday. En route from Chicago, the judge went to the front end of the train, climbed into the cab of the locomotive, and, sitting by the fireman's side, "assisted" that functionary by ringing the bell. The gray haired jurist was as tickled as a school boy after the experience

THAT LEADS TO ALTAR

New York, April 29.—A love story that began with a photograph came to a climax yesterday when Miss Virginia Macigan became the bride of C. Marcus Daly, Boardman, of Roundup, Mont., in the Lady Chapel of St. Patrick's Cathedral.

Nearly a year ago the bride played the title role in the pageant Saint Jeanne "Are, on the campus of Fordham University. Her picture came into the hands of Mr. Boardman, and through a friend they formed an acquaintance by mail.

In March their engagement was announced and yesterday a hundred friends and relatives gathered to witness the wedding.

The couple will make their home in Montana after a trip to the Pacific coast.

Says Chasco-Vin is a Great Medicine

"I feel like working again because I can eat and sleep like I used too, that is why I think Chasco-Vin is a great medicine. It helped me more than anything I ever took and I will always recommend it.
For a long time before taking Chasco-Vin my nerves were bad and I was dragging around in a badly run-down condition. Two bottles of Chasco-Vin did the work." Sarah Jones, 246 Spruce St. Camden, N. J. POST TOASTIES
(Superior Corn Flakes)

This week end the baseball fans of the old "Berg" have the treat of seeing the "D's" perform in two engagements Saturday, at 3:30, Baggett's field. They hook up with the U. S. Naval Hospital and, on Sunday half an hour earlier, they meet the Registers from the U. S. Treasury Department of Washington. The U. S. Naval has one of the strongest teams that is playing in government circles and the match Saturday affords one an excellent opportunity to witness a good game of ball. The Registers from the Treasury who are scheduled for Sunday's game, needs no introduction as their team is composed of some of the best players in Washington. Alexander, the ace twirler for the "D's" is in form for he traveled to Washington today and pitched for a government team and shut their opponents out in a no hit game. They will all be "graveyard" for "Jim" if he keeps going well.

The Dreadnaughts will be out Sunday with "bells." "D" scouts returned home with two lucky finds from Charlottesville, a pitcher and a catcher. Dutch Sneed, a grant south law that's had all Shenandoah Valley baseball mad this season, will be with us, and "Bob" Mooney a receiver of college fame, will be on duty behind the pan. This pair in a game against the University of Virginia last Saturday, handed the latter a beat with the score 3 to 1.

Williams, the second best shortstop in Washington, will be down for a tryout Sunday, and he is bound to make good. He is a live wire and in the game all the time, and adds good averages with the bat. Dreifus, Devers, Williams and Degman will be in the infield Sunday, with the outfield will be selected from the following players: Gales, Frazier, Ludlow, Alexander, Dawson, and Hodges. Manager Allen has been busy securing material from which to build the team and Coaches Brenner and Hayden are about satisfied with what they have and it is hardly probable that additional talent will be needed.

All should turn out Saturday and Sunday to witness these engagements and see just what the "D's" will do. They promise good games, and if you are interested in good clean sports, we have it, and you are welcome. Baggett's field, 3:30 p. m., Saturday, and 3:00 p. m. Sunday.

SHOOTS SELF AT ALTAR
AFTER READING BIBLE

Columbus, O., April 29.—Kneeling before the altar of the chapel of the Trinity Episcopal Church here, a prayer book at his side in which he had been reading, W. S. Schmidt, aged 29, shot himself above the heart in an attempt at suicide. The youth was rushed to the hospital where he was reported in a dying condition. The prayer book, which he had been reading, was open at the Twenty-third Psalm which begins: "My God, my God, why hast Thou forsaken me?" Laying across it when the youth was found was the still smoking pistol he had used. The bullet had passed entirely through his body, piercing his left lung.

A quarrel with his sweetheart and the refusal of her father to permit them to see each other are said to be the immediate causes for his act. Schmidt was a student in an art school here. He served overseas with the Fifteenth Cavalry. His home is thought to be in Chillicothe, Ohio.

Altoona, Pa., April 29.—Nine cars of train No. 64, the New York express, on the Pennsylvania railroad, were derailed last night 10 miles east of this city, but no passengers were killed or seriously injured.

WARM WEATHER CALLS FOR CAREFUL SELECTION OF TEMPTING DISHES

With the advent of warmer weather, the housewife, subconsciously changes her usual methods of cooking. She looks for cooling and tasty

things that will satisfy and please. The local merchants whose advertisements appear on the Gazette Food Page, make a specialty of pure food products and their large variety of goods are appealing, finding their way into the market basket. Prices are low. Service is of the best. Patronize your neighborhood store. The grocers have a large variety from which to select standard goods

that can be used wisely to make delicious summer dishes. The meat dealers carry the best meat. The bakeries offer many worry and work saving products that will please the most critical.

ATTRACTIVE "LEFT OVER" DISHES

Cut beef into very thin slices. Cream together two tablespoonfuls of butter or margarin, one tablespoonful of chopped parsley, one eighth teaspoonful of pepper. Add slowly one tablespoonful of lemon juice. Spread a little of this mixture over each slice of beef, using about three quarters of a pound of the beef. Arrange the slices of beef thus prepared in a greased baking dish, add five tablespoonfuls of hot stock or water, and sprinkle over a two tablespoonfuls of fine dried bread or cracker crumbs. Bake in a hot oven ten minutes—no longer, or the meat will dry and toughen. Serve baked potatoes with this. Thinly sliced corned beef is delicious prepared by the recipe. Omit the salt in this case.—In May Good Housekeeping.

Former Tank Dies After 19th Operation

Chicago, April 29.—Having lain in bed for almost three years and undergone 19 operations, Charles Bendle, 26, died today in the West Side Hospital of wounds sustained in France July 4, 1918, when he went over the top with the Dandy First, Chicago's National Guard regiment, in its first baptism of fire in the war. "Bendle came to us while we were training in Texas," Dr. Amereson said. "In France the first day we went over the top Bendle was shot three times in the shoulder by German machine-gun bullets. From that day to this he has been in hospitals. He was operated on 19 times."
